

PORTFOLIO CASE STUDY

Amazon UAE E-commerce Growth Roadmap

Fashion Jewelry & Beauty Accessories Store

Store Audit | Listing SEO | Pricing Strategy | Growth Planning

Merazuzzaman Sarker

eCommerce Store Manager | Virtual Assistant | Product & Market Research

Project Snapshot

A structured growth roadmap for an early-stage Amazon UAE store operating in the fashion jewelry and beauty accessories niche.

NICHE

Fashion Jewelry
Beauty Accessories

MARKETPLACE

Amazon UAE

STORE STAGE

Early Growth
Low Sales Activity

FULLFILLMENT

Mostly FBM
Manual Inventory

Client Challenge

FROM STORE GAPS TO A PRACTICAL GROWTH PLAN

The store had a solid product base, but needed clearer execution across search visibility, buyer trust, pricing perception, and traffic planning.

Visibility Gap

Listings needed stronger keyword structure, titles, bullets, descriptions, and backend search coverage.

Pricing Gap

Similar price points across products limited value perception, upsell paths, and bundle positioning.

Conversion Gap

Images, A+ direction, product benefits, and trust signals needed sharper presentation.

Growth Gap

Paid traffic, review-building, influencer direction, and social channels needed a simple launch plan.

4-Phase Growth Roadmap

CLEAR SEQUENCE FOR AMAZON UAE STORE IMPROVEMENT

1

Store Audit & Performance Review

Audit listings, product structure, pricing, image needs, stock levels, and fulfillment model.

2

Listing SEO & Product Optimization

Improve titles, bullets, descriptions, backend keywords, categories, and attributes.

3

Competitor, Pricing & Bundle Strategy

Benchmark competitors, refine pricing psychology, and plan bundle offers to lift AOV.

4

Marketing & Growth Strategy

Plan PPC, social traffic, micro-influencer direction, reviews, and A+ content structure.

Listing SEO & Product Optimization

CONVERSION-FOCUSED MARKETPLACE FOUNDATIONS

I mapped the listing improvements needed to make products easier to find, understand, compare, and trust.

Title Optimization

Keyword-led titles with product-specific terms and clearer buyer intent.

Bullet & Description Rewrite

Benefit-focused content that explains material, use cases, features, and trust factors.

Backend Keyword Direction

Relevant search terms to improve coverage beyond visible listing copy.

Category & Attribute Review

Cleaner product details, variations, size, color, material, and listing accuracy.

SEARCH VISIBILITY

BUYER TRUST

CONVERSION

Competitor, Pricing & Bundle Strategy

BUILD BETTER VALUE PERCEPTION AND AOV STRUCTURE

The roadmap proposed pricing differentiation and bundle ideas so products would not compete only on identical price points.

01

Benchmark

Compare similar Amazon UAE products by price, images, reviews, titles, and offers.

02

Differentiate

Avoid flat pricing when product design, value, or perceived quality differs.

03

Bundle

Plan Buy 2 Save More, jewelry combos, and beauty plus accessory sets.

Marketing & Growth Strategy

PRactical TRAFFIC, TRUST, AND CONTENT DIRECTION

The growth plan connected marketplace SEO with traffic channels and trust-building activities.

Amazon PPC

Campaign structure direction for product discovery and sales momentum.

Micro-Influencers

UAE-focused selection criteria and outreach direction.

Facebook & Instagram

Traffic planning for awareness, retargeting, and product education.

Reviews & A+ Content

Trust signals, review-building ideas, brand story, and benefit sections.

TikTok

Short-form creative direction for beauty and accessory product discovery.

Outcome & Portfolio Value

ROADMAP CREATED - REALISTIC RESULTS LANGUAGE

Final deliverable: a clear roadmap that organized store audit, listing optimization, pricing strategy, bundle planning, and marketing direction into actionable next steps.

Value provided

- Prioritized issues by execution impact
- Clarified SEO and conversion gaps
- Created pricing and bundle direction
- Mapped traffic and trust-building plan
